

Sharing Automotive Competence in Central Europe

1st Annual Conference AutoNet & Symposium for Suppliers in Central Europe

in the framework of the fairs "Z/intec 2011" on 2nd/3rd of March 2011 in the Congress Center Leipzig (Hall 2)

Leipziger Messe, Congress Center Leipzig Hall 2, Messe-Allee 1, 04356 Leipzig, Germany | <http://www.ccl-leipzig.de/>

Invitation

Dresden, January 2011

As a result of the establishing of leading car manufacturers all over Central Europe in the last twenty years, the automotive suppliers got also a high importance. Regarding these developments the Saxony Economic Development Corporation organizes the traditional Symposium for Suppliers in Central Europe with regular participation of the neighboring countries Czech Republic and Poland as well as Slovakia and Hungary. In 2011 this symposium will be extended: experts and representatives from Italy and Slovenia will increase the symposium regionally and thematically together with the named countries. Nine partners from these countries are working together in the EU-project AutoNet, with the aim of boosting innovation processes and creating a transnational permanent automotive network. Combined under the common slogan "Sharing Automotive Competence in Central Europe" the 1st Annual Conference AutoNet and the Symposium for Suppliers in Central Europe will be a platform for automotive stakeholders from seven countries.

Transnational cooperation will create additional opportunities acting in international markets for automotive suppliers because of the growing demand from the global active car manufacturers, which all reported about new distribution records at Detroit Auto Show. Automotive suppliers from Central Europe will get the opportunity to inform and debate about cooperation on 2nd and 3rd of March 2011 in Leipzig.

The Saxony Economic Development Corporation invites you together with the Saxon State Ministry of Economic Affairs, Labour and Transport and partners from six European countries to the conference

„Sharing Automotive Competence in Central Europe“
1st Annual Conference AutoNet & Symposium for Suppliers in Central Europe
on 2nd and 3rd of March 2011 in the Congress Center Leipzig
in the framework of the fairs "Z/intec 2011".
